

MONTELVINI

Serenitatis Collection

**ASOLO PROSECCO
DOCG SPAGO**

Frizzante

This sparkling wine harks back the oldest version of Prosecco, a genuine drinking wine that is characterized by its fruity fragrance. It is valued for its drinkability and for its delicate bubbles, which make it suitable for any occasion. Yield per plant is reduced, with sparse bunches leading to an optimal maturation. They acquire, in fact, a straw-yellow colour, with an almost honeyed taste.

The Winemaking Process

The wine is made from grapes from our best vineyards, which are selected according to strict rules, and is the result of the careful work of a field technician. The base wine, once completed with selected yeasts and sugar, is fermented in an autoclave at controlled temperatures. Once fermentation is complete, the stabilization and filtration processes take place, and the resulting wine is then bottled using modern technology.

The Wine

The Asolo DOCG Sparkling Prosecco is the most versatile of proseccos.

Light, exuberant, fruity and easy to drink, it is perfect for toasting on festive occasions, as well as to enjoy daily moments of pleasure, perhaps in the company of friends. It also pairs ideally with vegetable or seafood soups, pasta with delicate meat sauces, fresh cheeses and white meat.
